ABOUT THE GRIMALDI FORUM MONACO

Recognisable by its design, the convention and cultural centre of the Principality of Monaco offers a modular surface area of 70,000 m² reclaimed from the sea for the holding of events and can welcome up to 3,000 persons. It welcomed 250,000 visitors and a hundred events a year, celebrates its twentieth anniversary this year.

As the theatre for a cultural program based around exhibitions, music and dance, every summer the Grimaldi Forum puts on a large themed exhibition devoted to a major artistic movement, a subject connected with heritage or civilisation, or any subject which expresses the renewal of creation.

Thanks to its itinerant exhibitions, the Grimaldi Forum is recognised as a cultural showcase for Monaco abroad.
